Training Announcement

De-Escalation for Law Enforcement

Host Location: Passaic County Police Academy

De-Escalation in Law Enforcement is a one-day, practical course that equips officers with proven strategies to safely manage volatile encounters while improving officer safety, reducing liability, and strengthening community trust. Built around the Critical Decision-Making Model (CDM), participants learn tactical communication, threat assessment, crisis recognition, behavioral health response, and decision-making skills that reduce unnecessary force and improve outcomes during high-risk, rapidly evolving situations.
