LEGAL SUPPORT

Controlled F.O.R.C.E.® takes stringent measures to maintain the integrity of our system, remain viable in the ever-changing legal environment, and to adequately document our certification process. Our system is very recognizable, and we stand behind it 100%. Providing a Certified Departmental Instructor can demonstrate that they teach the system according to our lesson plan, and not beyond, there should never be a question as to the reasonableness of what was taught. As you know, there are too many variables as to how a system is applied in response to resistance situation for a company to guarantee that the techniques used will work as expected or be the appropriate response. However, Controlled F.O.R.C.E.® will gladly provide expert testimony should the techniques that we teach ever be questioned in a court of law.
