TRAINING ANNOUNCEMENT

Become the supervisor your officers respect, your peers rely on, and your organization trusts.

Wayne, NJ

February 22-24, 2027

Next Level Leadership: Lead Beyond the Rank is a transformative three-day law enforcement leadership course designed to build confident, competent, forward-thinking mid-level leaders. This program is ideal for Senior/Administrative Sergeants, Lieutenants, Captains, Commanders, Majors, and high-performing officers preparing for promotion. It gives leaders the modern tools, strategic mindset, and operational clarity needed to excel in today's rapidly evolving policing environment.

Mid-level leaders play a critical role in every agency—they are the link between executive command and frontline operations. Yet many step into these positions without formal training, relying on legacy habits or what they observed from previous supervisors. This often leads to inconsistent performance, weak accountability, stalled morale, and a disconnect between executive vision and daily operations.
