

Empowered Policing

As first responders, we are tasked to respond and make decisions for people who need help. That is leadership - so why are we waiting until someone has formal rank to start growing servant leaders? The course will shift from an agency influence to an individual assessment in order to promote the change that the law enforcement profession needs.

COURSE HIGHLIGHTS

- Recruitment Strategies
- The Power of Retention
- Creating Impactful Culture Change
- Self-Assessment and Goal Setting
- Building Effective Teams
- Leading by Example
- Resiliency at Every Level of Leadership
